## High Level goal(s)

- Users are able to efficiently choose a workout program they want.
- Users are able to efficiently create their customized workout program.
- Email Workout Programs to Users
- Users are able to upload personalized workout programs they've designed
- Users are able to feedback/reviews for any provided workout program.
- Users can create an account with the website

## User Stories

---

### *Sprint 1*

---

#### **User Story 1:**

As a powerlifter, I want to see programs only related with power-lifting so that I do not have to check the entire result page for a workout program.

#### **User Story 2:**

As someone who has never worked out before, I want to know the level of difficulty of any workout programs so that I know if it is within my range of capabilities.

#### **User Story 3:**

As a user, I want a specific routine so that I do not have to commit to an entire workout program

---

### *Sprint 2*

---

#### **User Story 1:**

As an experienced fitness user, I want to design my own customized program since the provided programs do not align with my goals.

#### **User Story 2:**

As a user, I want to export my workout program to my email so that I don't need to re-visit the website and search for my program again when I exit the browser.

---

### *Sprint 3*

---

#### **User Story 1:**

As a user, I want to upload the workout program I designed for others to use because I have gotten great result from it.

#### **User Story 2:**

As a user, I want to give feedback to workout programs that are provided so that other users can see reviews before committing to a workout program.

#### **User Story 3:**

- As a user designing a personal workout program, I want some recommendations/guidelines that I can refer to while I am designing my workout program so I know I am efficient.
